

Donație din partea prof. ing. Titu - Marius Băjenescu

Dosar Nr. 5 cu articole si/sau comunicări

Total: 37 unități

Nr.	TITLUL Articolului	Revista / Congresul / Seminarul / Conferința
1	802.6 MANs: too little too late?	First high speed network Conference, London, December 4-5 1991
2	A pragmatic approach to reliability growth	Eight Symp. On reliability in electronics, Budapest, August 1991
3	Asigurarea calității și conceptul de "calitate totală"	Optimum Q nr. 2 / 1992
4	Asynchronous Transfer Mode (ATM) für zukünftige öffentliche Breitbanddienste	STZ Nr. 24 / 1991
5	Bald öffentliche Breitbanddienste	Kommunikation Heft 3 / 1992
6	Degradation and reliability problems of optocouplers	16th annual semiconductor conference, Sinaia, October 12-17 1993
7	Einige Aspekte der Zuverlässigkeitssicherung in der Elektronik-Industrie	Aktuelle Technik, Hef 8 / 1992
8	Elektronische Bauelemente und Zuverlässigkeit	Aktuelle Technik, Heft 9 / 1992
9	Endspurt im Kampf um Führungsrolle	Elektronik Nr. 17 / 1991
10	Fiabilitatea componentelor electronice și de telecomunicații	Program editorial "Editura Tehnica" București, 1992
11	Financial strategy for solving the telecom problems of the ECE countries	European regional telecom development conf.M Prague, 19-23

		Nov. 1991
12	GSM: Digitalisierung der Mobilkommunikation	Kommunikation Heft 5 / 1993
13	Hacker und Viren an der Arbeit	Schweizerischer Maschinenmarkt Nr. 52 / 1998
14	High Definition Television HDTV: Hochauflösendes TV	Aktuelle Technik, Heft 10 / 1992
15	La normalisation des communications	Marché Suisse des Machines no. 24 / 1991
16	Le réseau numérique à intégration de services (RNIS)	I+T/RTS no. 19 / 1990
17	Liberalization and privatization of telecommunications	IDATE 93, Montpellier; November 24-26, 1993
18	Lokale Netzwerke - eine Einführung (1. Teil)	Kommunikation, Oktober 1986
19	Lokale Netzwerke - eine Einführung (2. Teil)	Kommunikation, Dezember 1986
20	MAP und CIM aus der Sicht des Anwenders	STZ Nr. 1 / 1989
21	Neue CIM-Wege und -Möglichkeiten	STZ Nr. 11 / 1991
22	New aspects of the reliability of Lithium thionil chloride cells	Microelectronics and Reliability No. 11 / 1992
23	Quelle(s) voie(s) pour la réforme de télécom en Europe Centrale et Orientale?	IDATE 93, Montpellier; November 24-26, 1993
24	Reliable systems tests to reduce the life cycle cost of fast digital signal processors Eight Symposium on reliability in electronics; Budapest, August 1991	Eight Symposium on reliability in electronics; Budapest, August 1991
25	Some aspects of the reliability of Lithium chloride cells	Eight Symp. On reliability in electronics, Budapest, August 1991
26	Some issues concerning the actual status of VLSI process-related reliability	15th Annual Semiconductor conf., Sinaia, October 6-11, 1992

27	Some lessons learned from the practical experience using MANs	IEEE 17th conference on local computer networks, Sept. 1992
28	Soon, pan-European broadband high speed networks	IEEE Internat. Conf., Antalia
29	Steckverbinder und Zuverlässigkeit	Aktuelle Technik Nr. 6 / 1991
30	Telecommunication strategies in Eastern and Central Europe	Europa 1992 communications, London, 1992
31	Télécommunications à l'Est	Marché Suisse des Machines no. 6 / 1992
32	Télécommunications en Suisse: horizon 2000	Marché Suisse des Machines no. 19 / 1990
33	Trans-border high speed network: An illusion ?	EFOC/LAN, Paris, June 24-26 1992
34	Trans-border high speed network: an illusion?	Tenth Annual Conference EFOC/LAN, Paris, June 24-26, 1992
35	What does Hungary need in the way of rural telecommunications?	ITU Telecom Workshop, Budapest, September 1991
36	Where does the money come from to build the telecom infrastructure of ECE countries?	EBRD Workshop, London, September 1992
37	Which European strategy for telecommunications?	EBRD Workshop, London September 1992
